AND OATH/POWER OF ATTORNEY

Dear Sir:

I, Timo Aittola, hereby declare that Mirror Image Internet, Inc., is a company incorporated under the laws of the State of Delaware, with an office at 49 Dragon Court, Woburn, Massachusetts 01801. As Chief Financial Officer of Mirror Image Internet Inc., I am an authorized representative of Mirror Image Internet, Inc., which company has sufficient proprietary interest to act as an agent, pursuant to 37 C.F.R. §1.47(b), on behalf of Mr. Lindbo, a nonsigning inventor, who refuses to sign a Declaration/Power of Attorney in the above-identified patent application.

By virtue of this proprietary interest, I sign this declaration on behalf of, and as agent for Sverker Lindbo, who, as inventor, has refused to sign the Declaration/Power of Attorney. Sverker Lindbo is a Swedish citizen, whose last known address is 40 Elm Street, Wellesley, Massachusetts 02481. Upon information and belief, I aver that the inventor is required to execute the Declaration under 37 CFR 1.64(b). My signing is necessary on behalf of Mr. Lindbo to prevent abandonment of the application and the loss of rights associated therewith.

Accompanying this combined declaration, to establish the proof of pertinent facts and to show that such action is necessary to preserve the rights of the parties and to prevent irreparable damage, is a Statement of Facts in Support of Filing on Behalf of

Nonsigning Inventor Pursuant to 37 C.F.R. §1.47(b), a Statement under 37 C.F.R. §373(b) Establishing Proprietary Interest by Person Signing on Behalf of a Nonsigning Inventor and a check for \$130.00 to cover the petition fee under 37 C.F.R. §1.17(i).

Further, I hereby state that I have reviewed and understand the contents of the above identified specification, including the claims, as filed and as amended by the preliminary amendment filed with the specification, and that it contains a full, clear, concise and exact description of the subject matter for which a patent is sought.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with 37 C.F.R. §1.56(a).

I hereby claim foreign priority benefits under 35 U.S.C. §119 of Swedish Patent Application No. 9702795-7 filed July 24, 1997, which was the basis for PCT Application No. PCT/SE98/01316 of which the subject application is a national phase application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

George Chaclos - Patent paperwork

From: Sverker Lindbo <slindbo@itechventures.com>
To: <gchacl@cl-law.com>
Date: 5/5/00 5:22 PM
Subject: Patent paperwork
CC: <santullo@mirror-image.com>

Dear Mr Chaclos,

Some days ago I did receive two batches of patent documentation for my signature. I immediately sent an e-mail to mr Aittola to enquire whether he was read to honor the agreements whereby the patents were originally acquired from the previous owner, Mirror Image Internet AB, and a subsequent agreement regarding our participation in procuring the signature of one of the co-inventors.

It is my understanding that Mr Aittola was not ready to honor those agreements, which in my view, puts the entire ownership of the patents into question. I therefore sent the following message to Mr Aittola earlier today.

I trust you will do what it takes from your end to ensure that no intellectual property value is being irrevocably lost while this matter is being resolved. I am ready to cooperate with any acceptable escrow agent, should that be the preferred option.

Yours sincerely,

Sverker Lindbo

PS to Mr Santullo,

I hate to make the first contact between us in this fashion, but I do believe that the patent issue has been grossly mismanaged by Mr Aittola and Cummins and Lockwood, and I fear that important deadlines may be missed. As the innovator, I would hate to see that happen. My fiduciary duty as a board member of Parfi Holding AB, which is a major shareholder of Mirror Image Internet Inc, however precludes me from just signing these documents until the ownership and payment issues are fully resolved. Should you wish to talk to me about this or any other issue regarding Mirror Image and its ownership, please call me at any time, preferably on my cellphone (listed below)

Dear Mr Aittola,

I understand from the correspondence you have sent me that you do not appear to be intending to honor the agreements whereby the patents were acquired from Mirror Image Internet AB. Additionally you do not appear to be intending to honor the subsequent agreements under which, among other things, I personally helped you procure the signature of my friend Peter Löthberg.

If the above is truly your position, Parfi Holding AB or Drax Holding AB whichever party is better positioned, will see no other option, than to challenge your ownership of the patents in the Swedish legal system. Until such matter is resolved, I will not sign any documents in favor of Mirror Image Internet Inc, in relation to these patents.

Should there be instances where my signature is required to prevent irrevocable loss of any intellectual property value, I propose that you have the patents transferred to an escrow agent, acceptable to both parties. I will be willing to sign all relevant documents in favor of such an escrow agent.

Should you want to settle this issue quickly, I propose that you contact Mr Hane. He is currently on business in London but will be back in the office on Monday. He can also be reached today on the cellphone of Mr Anders Janson, +46 705 63 02 90

Best regards,

Sverker Lindbo
